

MAINE SCHOOL ADMINISTRATIVE DISTRICT #33

Notice of Planned Pesticide Application

The following notice is provided in compliance with State regulations establishing standards for pesticide applications and required notification in schools.

Pesticide to be applied:

Product Trade Name _____

EPA Registration Number _____

Approximate Date of Application _____

Approximate Time of Application _____

Location of Application _____

Reason for Application _____

This application is consistent with the District's Integrated Pest Management program. The goals of the program are to reduce any potential hazards to human health; to prevent loss or damage to school structures or property; to prevent pests from spreading beyond the site of infestation to other school property; and to enhance the quality of life for students, staff, and others.
