

# M.S.A.D. #33 Vision

*Inspiring lifelong learning to  
succeed in an ever-changing world!*

Our students acquire and apply fundamental knowledge and skills to solve everyday problems.

Students learn to:

- Communicate and collaborate effectively.
- Be self-directed and lifelong learners, creative and practical problem solvers, responsible and involved citizens, and integrative and informed thinkers.
- Set goals, develop solutions, and persist in implementing solutions.
- Live the core values of compassion, courage, fairness, honesty, respect, and responsibility.
- Understand their place in a global society and appreciate diversity.
- Strive for accuracy and remain open to continuous learning by celebrating growth.

Our educational program provides a meaningful, focused and equitable opportunity for all students to progress towards proficiency in all graduation standards.

Educational programs:

- Communicate learning goals and feedback with high expectations for all students.
- Help students practice and deepen new knowledge.
- Engage all students by providing multiple pathways to demonstrate their learning.
- Recognize adherence to established rules and procedures.
- Establish and maintain effective relationships with students.

Our staff members plan and prepare for all students, reflect on their teaching, grow professionally, and adhere to the District's code of professionalism.

Staff members:

- Design instruction for established content standards.
- Use available technology.
- Practice a growth mindset and focus on growth with all learners.
- Develop professionally and seek mentorship for areas of need.
- Promote positive interactions with students, parents, colleagues, and the community.
- Adhere to District and school rules/procedures and participate in District and school initiatives.

Our community supports our educational system by providing necessary resources and sharing in the responsibility for educating our students in an ever-changing world.

Community members:

- Provide financial support for the school system.
- Participate in school activities, attend school functions, and support learning activities.
- Work toward the District vision by partnering with stakeholders in an atmosphere of respect and trust.

*Every MSAD # 33 learner will graduate with the capacity to manage the challenges of leading a productive life.*
